

MGM University, Aurangabad
University Department of Information and Communication Technology (UDICT)
Organized one week induction program to the newly admitted first year students of
UDICT UG Programs from 03rd July 2023 to 08th July 2023.

Head of the Department: Dr Sharvari C Tamane
Coordinator-Aditi M.Jadhav Deepika Dubey.

One week Induction program to the newly admitted first year students of UDICT UG Programs was organized to provide the information about the general code of conduct, Institute culture, Department culture, resources, facilities provided, training & placement, research & development, professional & social body activities, student centric teaching learning process, evaluation system, course objective, course outcome, learning objective and learning outcome. The Program was attended by IT,AIML and Data Science Students- Total= 168

The session was started with the address by Head of the Department: Dr Sharvari C Tamane and following was the schedule of the Induction Program.

| Sr. No | Date | Activity name | Details of activity carried out | Intention of activity | Outcome of activity | No. of Participants | Faculty In charges |
|--------|---------------------------------|-------------------------------------|--|---|--|---------------------|--------------------------------|
| 1 | 03/07/23 10am to 12 a.m | HOD Address, Department orientation | Introduction of HOD followed by Faculty members , Support staff , Student Volunteers. | Knowing each other | Students and faculty could know about each other | 137 | Aditi Jadhav and Deepika Dubey |
| 2 | 03/07/23 12:45pm to 2:45 p.m | Diagnostic Test | A Diagnostic Test had been Carried out to check the knowledge of the students in Computer skills and communication skills. | To identify students Knowledge in computer and communication skills | Hence we are able to identify students according to the test and further they can report of computer skills sessions or communication skill sessions | 128 | Aditi Jadhav and Deepika Dubey |
| 3 | 03/07/23 3:00 pm to 5pm | IEEE Session | IEEE Session is carried out by Prof.Vijay Ahire to Know about the IEEE Student branch | Student are able to know IEEE Student Membership | Students are able to know the Networking opportunities, Educational resources, Professional development, | 117 | Aditi Jadhav and Deepika Dubey |

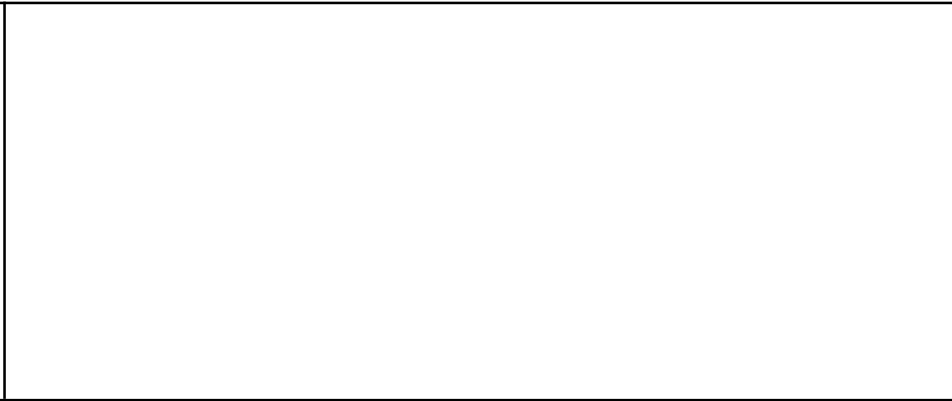

| | | | | | | | |
|----|------------------------------------|--|--|---|---|-----|--------------------------------|
| | | | | | Leadership experience and Career advancement. | | |
| 4 | 04/07/23 10:00am to 12:00 am | Creative Arts (Dance,Drama,Pott ery,Music and model Making) | Creative arts sessions are carried out to build students' interest in extracurricular activity. | To build interest of the Students | Students learn the new Things (Daily 10-12 from 04 July to 07 July) | 139 | Aditi Jadhav and Deepika Dubey |
| 5 | 04/07/23 12:45pm to 2:45 p.m | Guest Lecture by Er.Ashwin Pawade Entrepreneurship | Conducted a Session on Entrepreneurship Development | To make students aware of the same | Students Gain Knowledge about the Entrepreneurship | 125 | Aditi Jadhav and Deepika Dubey |
| 6 | 04/07/23 3:00 pm to 5pm | UHV Introductions & Exploring our Aspirations and Concerns) | Universal human value sessions were Conducted by Prof.Dilip.K.Budwant and Prof.MohsinAnsari. | Students should gain knowledge about the universal human values | Students know what exactly the universal human values are . | 136 | Aditi Jadhav and Deepika Dubey |
| 7. | 05/07/23 3:00 pm to 5pm | Universal Human Values Peer Pressure | Conducted sessions on peer pressure sessions were Conducted by prof.D.K.Budwant and Prof.MohsinAnsari. | To make students aware of the same | Students got an idea about how to handle peer pressure | 120 | Aditi Jadhav and Deepika Dubey |

| | | | | | | | |
|----|------------------------------------|--|--|---|---|-----|-----------------------------------|
| 8 | 06/07/23 12:45pm to 2:45 p.m | Engineering Exploration | Session was Conducted by Dr. Suddhasheel Ghosh Different Activities were taken for the students | To explore different technologies | Students gain knowledge and know new technologies | 148 | Aditi Jadhav and Deepika Dubey |
| 9 | 06/07/23 03 pm to 04 pm | Proficiency Module Communication Skill Proficiency Module Computer Skill | Session was conducted by Dr Supriya Sangavikar and Rashmi nitwani for the students to develop the students skills in computer and communications. | To gain Knowledge | Students learn new things. | 126 | Aditi Jadhav and Deepika Dubey |
| 10 | 06/07/23 04pm to 05 pm | Sports Activity | Different games arranged for the students. | Fun | Fun | 163 | Aditi Jadhav and Deepika Dubey |
| 11 | 08/07/23 12:45 to 2:45 | Social Work Activity | An Expert talk was conducted by Shri. Santosh Garje | A talk was conducted for the students so that students will try to become responsible person for the society | A talk was conducted successfully. | 118 | Aditi Jadhav and Deepika Dubey |
| 12 | 06/07/23 12:45pm to 2:45 p. | Feedback and Finalization of Report | Conducted by Prof.Aditi.M.Jadhav Prof.Deepika Dubey. | To get information about the whole program | Outcome of whole program | 102 | Aditi Jadhav and Deepika Dubey |

FY-INDUCTION PROGRAM 2023-24

1. Interaction with Students and Parents:

Embarking on the college journey of our recently enrolled students and their parents commenced with the essential process of academic registration at Aryabhata Hall. This pivotal step laid the foundation for dynamic interactions among peers and parents, fostering a sense of engagement and camaraderie. Moreover, students actively engaged in mentor-mentee group sessions, where the collective efforts of teachers and guardians created an atmosphere conducive to meaningful introductions and relationship-building.

This nurturing environment proved instrumental in cultivating connections within these groups. As an added step, an extensive orientation of the MGMU Campus awaited, providing an immersive introduction to the students' newfound academic abode.

2. IEEE Session by Prof. Vijay.Ahire.

Embark on an Engineering Adventure with IEEE Student Membership! The buzz and fervor surrounding IEEE Sessions are palpable, as students immerse themselves in the realm of academic exploration. For those with a fervent passion for engineering and technology, the IEEE Branch extends a special invitation to become part of the esteemed Institute of Electrical and Electronics Engineers (IEEE) – a global titan in the technical professional arena. Why opt for IEEE? It's your gateway to enriched networking avenues, a treasure trove of educational materials, a platform for honing professional skills, an opportunity to embrace leadership roles, and a conduit for propelling your career forward.

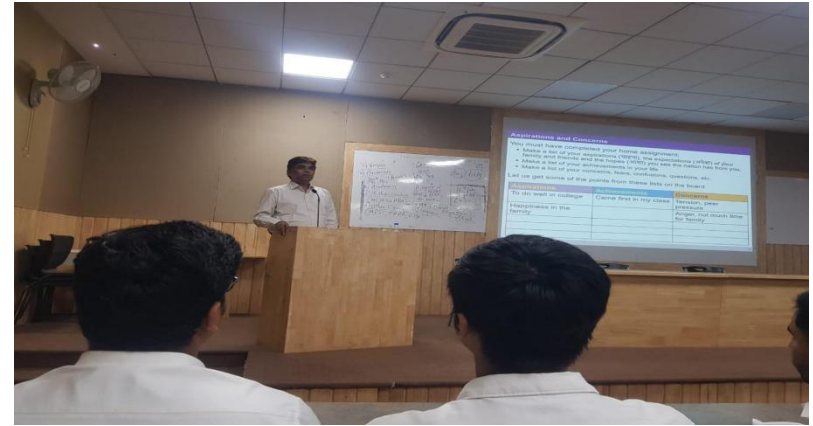

3.Creative Arts

We've orchestrated engaging Creative Arts sessions aimed at cultivating extracurricular interests among our first-year students. These sessions encompass a variety of activities such as dance, drama, pottery, and model making, all designed to spark creativity and participation.

4. Universal human Values Session By

Prof.D.K.Budhwant and Prof.A.M.Ansari

A comprehensive 4-hour session on Universal Human Values has been meticulously arranged for students. This session is designed to cultivate a holistic outlook on life, emphasizing the significance of comprehending life's multifaceted dimensions – be it individual, familial, societal, or in connection with the natural world.

The session serves to sensitize students to this broader scope of existence, nurturing a deepened understanding of their place within it. This, in turn, aids in fostering self-reflection, bolstering self-assurance, and instilling a heightened commitment to absorb, learn, and align actions in accordance with these values.

5. Entrepreneurship development Session by Ashwin Pawade.

We've organized a dedicated session on Entrepreneurship Education, aimed at nurturing a diverse array of skills and competencies within students, which hold significance not only in their professional journeys but also in their personal growth. This educational endeavor instills the capacity for creative and critical thinking, guides them in recognizing and resolving challenges, and imparts the art of making informed and calculated decisions.

6. Engineering Exploration Session by Dr.Suddhasheel Ghosh

During these sessions, a variety of activities are conducted to cultivate specific skills among the students, including:
Fostering a clear comprehension of the engineer's role as a proficient problem solver.
Equipping students with the ability to construct uncomplicated systems using the engineering design process.

Introducing ethical and sustainability viewpoints in the realm of engineering.

Familiarizing students with essential skills in engineering project management.

7. Campus Visit by the Faculty of UDICT

8) Computer Skills Development by Prof. Rashmi Nitwane

Under the guidance of Prof. Rashmi Nitwane, an extensive 4-hour workshop has been organized for first-year students, focusing on the augmentation of computer skills. This session is designed to provide a solid foundation in the fundamentals of computing, a crucial facet for students. These skills not only equip them with the tools necessary for their educational pursuits but also lay the groundwork for their prospective careers. In an era marked by rapid digitalization, proficiency in computer fundamentals has become indispensable, aligning with the demands of our progressively digitized world.

9) Communication Skill Development Skill Dr Supriya Sangavikar

Dr. Supriya Sangavikar has curated a comprehensive 4-hour workshop focusing on the enhancement of communication skills for first-year students. This session delves into the realm of effective communication, which serves as a vital tool for students to establish connections, demonstrate empathy, navigate conflicts, and cultivate a strong support system. Proficiency in interpersonal skills empowers students to forge significant relationships, thereby influencing their academic and personal spheres positively. The workshop encompasses a range of engaging activities tailored to amplify communication prowess. These activities encompass debates to sharpen articulation, addressing stage apprehensions to boost confidence, facilitating discussions about oneself to foster self-expression, and fostering cultural understanding.

10. Santosh Garje(Social Worker):

A specialized presentation has been organized for students, focusing on the role of social workers who offer valuable support to navigate a range of challenges. These challenges often encompass mental health concerns, difficult or tense domestic situations, or physical disabilities that students might encounter. School social workers collaborate closely with students to recognize, tackle, and triumph over these hurdles.

11.Sports Activity

FY-Induction Program 203-2024 From 03 July to 08 July 2023
